Sales Person Introduction

YOUR LOGO HERE

Hello there,

I recognize that safeguarding the people and possessions that hold the most value to you is of utmost importance. Your roof serves as the primary shield against the forces of nature, shielding your home from the elements and ensuring that everything inside remains safe and dry.

Thank you for the opportunity to quote on the repairs and improvements to your home.

Please let me know if you have any questions or concerns at any point during this process.

Ron Swanson
Sales Representative
ron@roofingcompany.com

Referral Program

YOUR LOGO HERE

Referral Program

Our referral program is designed to let our satisfied customers share their experience with friends, family and neighbors and provide an incentive bonus for those new customers to get started with their own improvement project! There are two easy ways to "Pay it Forward!"

\$200 off
any roofing project valued over \$2,500 (roof, gutters, insulation, masonry).

\$100 off
Any project valued between \$1,000 - \$2,500.

\$50 off
Any project valued under \$1,000.

*Other jobs include gutters, gutter covers, roof cleaning, chimney restoration, leaks, masonry, driveway resurfacing, interior/exterior painting, attic insulation and/or siding.

Here's What You Need To Do:
Have your friend call (888) 123-4567 to set up their free, no-obligation consultation. Make sure they give your full name as the referrer!

PROJECT NAME: [INSERT PROJECT NAME]

CLIENT: [INSERT CLIENT NAME]

PROJECT DURATION: [INSERT TIMELINE]

PROJECT DETAILS:

OUR COMPANY replaced the old cedar shake roof with GEM Beaumont Shake rubber at the beautiful clubhouse for Priddis Greens Golf and Country Club. The roof had some uniqueness's that we were able to come up with practical solutions for. In addition to the rubber roofing material we fabricated custom platforms for the HVAC units, installed flat roof membrane in vulnerable areas, and completed framing and deck rot repairs. We collaborated with a 3rd party roofing consultant to restore this roof nestled in the beautiful foothills of Alberta.

Products Used: GEM EuroLite Beaumont Shake, Titanium 30 Underlay, IFO Armourguard Ice & Water Shield, 60mil EPDM, 26 gauge metal flashings.

INSURANCE CLAIM SPECIALISTS

INDUSTRY VETTED

By repeatedly demonstrating quality workmanship and excellent customer service, our company has earned a spot on the preferred contractors list of numerous insurance companies. They recognize that we do great work, and will be around for years to support that work.

- Some insurance companies offer an extended warranty when choosing a preferred contractor. Ask your adjuster for details.

UNMATCHED EXPERTISE

With expert knowledge and highly trained staff, Epic is able to provide honest advice on how to manage your insurance claim. We have the experience necessary to accurately assess damage, identify cost saving strategies, and expedite the repair process.

- We staff certified estimators who are specifically trained to identify exterior hail damage.
- We'll work directly with your insurance adjuster to ensure your claim is managed smoothly and efficiently.

YOUR LOGO HERE

THINGS TO REMEMBER DURING CONSTRUCTION

Remember to keep your cars parked in the garage or on the street during construction. If you must park on your driveway, you may want to park on the street. The garage door will most likely be blocked by our debris trailers.

Please move all contents at least 10 ft. from the perimeter of the home. Due to noisy working conditions, debris may end up around the entire perimeter of your home. HomeGuard will be happy to assist in moving contents away from the perimeter of the home on the day of the project, but we cannot be held liable for broken or damaged property.

Please keep pets away from the construction site at all times. The construction process can often be too noisy for pets and children around the property can create an unsafe environment. Most pets find it more comfortable at a neighbor or family member's home.

Please keep children away from the perimeter of the construction site. As stated above, the site may often have nails and sharp debris around the perimeter of the home.

Please limit and avoid entering and exiting doors or walking around the perimeter while work is being performed. During construction, debris and nails will be dropped from the roof to the area surrounding your home. Entering and exiting should be avoided and caution taken in circumstances where it is necessary for removal of construction debris and load-bearing debris (ensuring pathways or walkways). There will be nails on the ground during this time, so please watch where you walk.

Please notify your Project Manager of any known hazards. There may be conditions around your house that may create a hazard to our team. Please notify your project manager of any known hazard that might cause injury or concern to our employees.

Remove fragile items from walls, shelves and ceilings. The construction process can cause slight vibrations throughout the home. It's nothing major but can sometimes be enough to shake pictures or when loose light fixtures on the ceiling.

We will need access to at least 1 electrical outlet during the project. Even if you do not have an outlet on the exterior of your house, we will advise your sales representative for further coordination.

In most cities we will have to set a ladder for inspection. The ladder will be left off to your gutter and the inspector makes it to the projects to inspect the roof. We have no control over the inspection process.

Sanitize CAR getting your provider to re-evaluate. Our roofing installers may be able to recalibrate your satellite without the help of the provider. If we cannot help you register, please call your provider and send us your bill for recalibration.

If there is no access to load roof material: Low hanging power lines or truck bed corners may need to be removed. We will work with your insurance adjuster to ensure your claim is managed smoothly and efficiently.

Please pick colors for all materials and sign for them once decided. Our process travels through many hands so we need a few decisions once these colors are confirmed and signed for, and any remaining items.

If you have an HOA: Please contact your HOA and get all materials and colors approved.

Nail Pops: In rare cases heavy vibrations on the roof can sometimes cause nails to pop through the drywall on your ceiling. When the vibration causes the nail pop through the drywall, inspecting the nail heads. This is something that is caused by the installation method of the drywall & this is unavoidable by our roofing crews.

Call Lines: Calling your team a day prior to installation of your roof will help our Crews clean up those hard to find nails.

Start Times: Our Crews typically start work between 7:00am-8:00am & typically finish the same day, sometimes in peak season these times may vary. Your Project Manager will communicate any changes to start time.

Inclement Weather: Inclement weather can cause us to reschedule your roofing project. Your Project Manager will communicate any changes. If weather becomes an issue.

Vent Debris: Sometimes when we tear off your roof, a small amount of debris could come through the vents in your ceiling. This is unavoidable by our roofing crews and requires minor cleanup.

THINGS TO REMEMBER DURING THE INSURANCE PROCESS

If you have a Mortgage: Please contact your mortgage company immediately after your roof replacement is approved by your insurance adjuster. This process can vary slightly, so it's important to understand their requirements to continue the insurance check.

Insurance claims: When dealing with insurance claims, it is important to be patient. Shuffling through this process is never the answer. HomeGuard makes sure all trades are registered and are insured, that they are all under control the quality of installation, and materials being used before the project even begins. The registration process can take anywhere from 7-30 days depending on the individual carrier's availability. Their registration also helps limit your risk should your policy not cover something.

YOUR LOGO HERE

TERMS & CONDITIONS

You may cancel this contract from the day you enter into the contract until 10 days after you receive a copy of the contract. You do not need a reason to cancel. If you do not receive the goods or services within 30 days of the date stated in the contract, you may cancel this contract within one year of the contract date. You lose that right if you accept delivery after the 30 days. There are other grounds for extended cancellation. For more information, you may contact your provincial/territorial consumer affairs office. If you cancel this contract, the seller has 15 days to refund your money and any trade-in, or the cash value of the trade-in. You must then return the goods. To cancel, you must give notice of cancellation at the address in this contract. You must give notice of cancellation by a method that will allow you to prove that you gave notice, including registered mail, fax or by personal delivery.

Understand that if roof rot is discovered during tear-off COMPANY NAME reserves the right to replace sheathing and bill me up to \$200 in addition to the estimated cost below without notifying me in advance. COMPANY NAME will call me for authorization if wood replacement will exceed \$200.

Understand that I must remove items from the interior walls of my home that may be damaged or fall due to vibrations from the loading/unloading of shingles on to my roof (if applicable) or installation of siding. COMPANY NAME is not liable for such damages.

Understand that minor stucco damage may result when the roof is torn off areas where stucco meets my roof's surface, especially where improperly applied. COMPANY NAME is not liable for repairing said damage.

Understand that any warranty for material used during the project is provided by the material manufacturer. Unless agreed upon otherwise, COMPANY NAME provides a 5-year Workmanship Warranty on portions of the project in which COMPANY NAME fully replaced any existing products. Roofing workmanship warranties will be reduced to one year when home owners have requested that full synthetic underlayment not be installed. Full warranty details available by request.

Understand that, unless agreed upon, this does not apply to products, some of which may deteriorate more rapidly (ie. sealants) and should be inspected on a regular basis, and am not responsible for material shortage and have no claim to material surplus.

I certify that I am the registered owner of the above project property, or have the legal permission to authorize COMPANY NAME to perform the work as stated and agree to pay the total project price.

Understand that any insurance claims are subject to the specific terms and conditions outlined by my insurance company, and may be subject to insurance company approval.

Understand that payment in full is due upon completion of work as stated in contract. All invoices not paid in full after 15 days will be subject to a 2% per month interest charge.

Understand that approval of my estimate is subject to customer credit approval by COMPANY NAME. I agree that COMPANY NAME may access my credit bureau report(s) trade references, and other credit information prior to granting credit approval.
